

"Jesus Christ
is the same
Yesterday
and Today
and Forever"

70th Church Anniversary
8th & 9th May 1999

My dear friends at Becontree Avenue,

Recently, with great joy I have been going through my records of the Church which go back to 1926. From these it can be clearly seen that from the very beginning God has been working in the lives of many faithful men and women and leading His people forward.

I am most grateful for the memory of all those past and present members who have been such a blessing to me - especially in my early formative years.

I am very sorry I cannot be with you on this important occasion and send you my love and prayers that God's richest blessing will be yours.

Yours sincerely in Christ,

Norman Andrew
